

The call of the lawyer Musomba

Only 1 time I called the lawyer Musomba because the lawyer Siganga told me to do so. He called me back immediately and introduced himself as the representative of the "High-Court of Kisumu". He has to do some researches in the name of the "High-Court". Because there is nothing to hide, I explained him everything. All over a sudden he start to blackmail me that he will sell all my properties and belongings in the name of the "High-Court" if I don't pay him. Seems because I've not agreed he switched of or his credit has been empty. We never called again.
