**RE: Assistance to get JUSTICE in Kenya**

Dear Mr. Noordin Hajji

*I'm Rudolf Marquardt from Germany and in 2009 I visited my in-laws in Maseno. My mother in law, grandmother of my children, begged me to settle around Maseno / Kisumu. Her greatest wish was that 1 day her grand-children would be able to visit her. So I founded a company which bought a property with 2 parcels of lands and house in Kisumu / Riat. In 2013 I get fraud by several officials.*

- From August 2013 I made several criminal reports in Kisumu police station where someone forged „title-Deeds“ and transferred properties to the name of my former caretaker and sharholder (1share of 10,000) Valerie. The matter was taken over by Mr. Henry Ndombi, who was the DCIO Kisumu.
- In September the registrar G.G. Gachihi, MoL, could not accept certified copies of the “Original Title-Deeds” forced me to come end of November to present him the “Originals”
- In the meanwhile, all belongings and properties of my “Kenyan limited company” are sold and transferred with only 1 share of 10,000!
- In Kenya “Original title-deeds” need not be annulated before a transfer!
- Promises and indications of the “Directorate of Criminal Investigations” from 2015 have not yet yielded any result.
- In case of “Official inviting’s from court” for a hearing and then cancelling the hearing in the moment the investor arrives, the investor don’t get any cost reimbursement. This happened several times.
- In 2018 the lawyer Ondego from Kisumu embezzled my “affidavit”, so the judge dismissed my case 1 day before the official hearing.

**Please assist me to get Justice in Kenya**

Best regards and thanks in advance
